

张可佳，女，四川人，毕业于中央民族大学宗教学系，宗教学博士，目前在西南民族大学从事宗教学、彝学研究。本人主要的研究领域为少数民族传统信仰，尤其擅长彝族社会与信仰文化的研究。代表作品包括《凉山彝族季节性仪式研究》《原生性宗教与诺苏彝族社会结构互构研究》《凉山彝族原生信仰的认同机制探究——基于社会心理学的理论视角》等，研究项目主要代表为《本土心理学视域下凉山彝族对艾滋病的认知与应对研究》《彝区社会治理》。今后主要的研究取向是关注彝族及其他中国西南少数民族在现代社会发展过程中面临的传统转型、危机应对与文化保护、心理健康等问题。

Zhang Kejia, female, from Sichuan Province, China, graduated from the Department of religious studies of the Minzu University of China, with a doctor's degree in religious studies. Now engaged in Religious Studies and Yi (ethnic group) studies in Southwest Minzu University. My main research field is the traditional beliefs of ethnic minorities, especially good at the research of Yi society and belief culture. The representative works include "Research on seasonal rituals of Liangshan Yi people", "Research on the interaction between original religion and social structure of Nuosu Yi people", "exploration on the identification mechanism of Liangshan Yi's original beliefs - based on the theoretical perspective of social psychology", etc. the main research projects are "Research on Liangshan Yi's cognition and response to AIDS from the perspective of indigenous psychology" and "social governance of Yi District". In the future, the main research orientation is to focus on the traditional transformation, crisis response and cultural protection, mental health and other issues faced by Yi and other ethnic minorities in Southwest China in the process of modern social development.
